I have to take my brother home.
If he is having a promiscuous life like that
I have to take him back by force.
I decided at 8 am in the morning.

postscript

■ Thank you for reading!
■ I've been looked after by editor-sama for 7 years! I'm very grateful for all the specific instructions every time.
■ Thank you for always helping with the drawings. n-san and t-san. Thanks to you I am somehow doing this.
■ Thank you to the temp assistants and all the others involved in making this book!
■ Although it'd be nice to write more about these three (Eri, Nico and Will) traveling in Japan, for now this is regretfully the end. Although Will is a little pitiful right now.
■ And so, let us meet again.
